31. Based on the foregoing Statement of Law, Facts and Determinations, the Department issues and Respondent consents to the terms of this Consent Order and agrees to perform the actions as set forth herein.
32. In the Matter of Well-Com Associates, LP
ACO-NE-05-3A014

VIII. STIPULATED PENALTIES

38. If Respondent violates the requirements of paragraphs 35, 36 or 37 of this Consent Order, Respondent shall pay stipulated civil administrative penalties to the Commonwealth in the amount of One Thousand Dollars (\$1,000.00) per day for each day, or portion thereof, each such violation continues. Stipulated civil administrative penalties shall begin to accrue on the day a violation occurs and shall continue to accrue until the day Respondent corrects the violation or completes performance, whichever is applicable. Respondent reserves whatever rights it may have to contest the Department's determination that Respondent failed to comply with the Consent Order and/or to contest the accuracy of the Department's calculation of the amount of the stipulated civil administrative penalty..
39. Even if violations are simultaneous, separate penalties shall accrue for separate violations of this Consent Order. Stipulated penalties shall accrue regardless of whether the Department has notified Respondent of the violation. The payment of stipulated penalties shall not alter in any way Respondent's obligation to complete performance as required by this Consent Order.
40. All stipulated penalties accruing under this Consent Order shall be paid within thirty (30) days of the date the Department sends a written demand therefore. Payment of such penalties shall be made by certified check, cashiers check or money order, payable to the "Commonwealth of Massachusetts." Respondent's federal employer identification number and the words, "*In the Matter of Well-Com Associates, LP, ACO-NE-05-3A014*," must be clearly written on the face of the check or money order. The Commonwealth will not accept any other form of payment. The payment must be directed to:

Commonwealth of Massachusetts
Department of Environmental Protection
Commonwealth Master Lockbox
P.O. Box 3982
Boston, MA 02241-3982

In addition, photocopies of the check or money order shall be sent to the Department at the Notice address herein, ATTN: Stephen M. Johnson.

41. The stipulated penalties set forth herein shall not preclude the Department from electing to pursue alternative remedies or alternative civil, administrative or criminal penalties which may be available by reason of Respondent's failure to comply with the requirements of this Consent Order. In the event that the Department collects alternate civil or administrative penalties, Respondent shall not be required to pay such stipulated penalties pursuant to this Consent Order for the same violation, and the Department shall reduce such alternative civil or administrative penalties by the amount of any stipulated penalties already paid by Respondent for the violation for which the alternate civil or administrative penalties are to be collected.

In the Matter of Well-Com Associates, LP
ACO-NE-05-3A014

IX. FORCE MAJEURE

42. The Department agrees to extend the time for performance of any requirement of this Consent Order if the Department determines that such failure to perform is caused by a Force Majeure event. The failure to perform a requirement of this Consent Order shall be considered to have been caused by a Force Majeure event if the following criteria are met: (1) an event delays performance of a requirement of this Consent Order beyond the deadline established herein; (2) such event is beyond the control and without the fault of Respondent and Respondent's employees, agents, consultants, and contractors; and (3) such delay could not have been prevented, avoided or minimized by the exercise of due care by Respondent or Respondent's employees, agents, consultants, and contractors.
43. Financial inability and unanticipated or increased costs and expenses associated with the performance of any requirement of this Consent Order shall not be considered a Force Majeure Event.
44. If any event occurs that delays or may delay the performance of any requirement of this Consent Order, Respondent shall immediately, but in no event later than 5 days after obtaining knowledge of such event, notify the Department in writing of such event. The notice shall describe in detail: (i) the reason for and the anticipated length of the delay or potential delay; (ii) the measures taken and to be taken to prevent, avoid, or minimize the delay or potential delay; and (iii) the timetable for taking such measures. If Respondent intends to attribute such delay or potential delay to a Force Majeure event, such notice shall also include the rationale for attributing such delay or potential delay to a Force Majeure event and shall include all available documentation supporting a claim of Force Majeure for the event. Failure to comply with the notice requirements set forth herein shall constitute a waiver of Respondent's right to request an extension based on the event.
45. If the Department determines that Respondent's failure to perform a requirement of this Consent Order is caused by a Force Majeure event, and Respondent otherwise complies with the notice provisions set forth in paragraph C above, the Department agrees to extend in writing the time for performance of such requirement. The duration of this extension shall be equal to the period of time the failure to perform is caused by the Force Majeure event. No extension shall be provided for any period of time that Respondent's failure to perform could have been prevented, avoided or minimized by the exercise of due care. No penalties shall become due for Respondent's failure to perform a requirement of this Consent Order during the extension of the time for performance resulting from a Force Majeure event.
46. A delay in the performance of a requirement of this Consent Order caused by a Force Majeure event shall not, of itself, extend the time for performance of any other requirement of this Consent Order.

53. Nothing in this Consent Order shall operate as a waiver of any rights, claims, or defenses that Respondent has in connection with its pending litigation with Honeywell.

XIII. ACCESS

54. Respondent agrees to provide the Department and the Department's employees, representatives and contractors access to the Site at all reasonable times, upon one business day's notice, for purposes of conducting any activity related to its oversight of this Consent Order.
